List of Figures and Tables

*Figures*

Figure 2.1: Evolution of support for EU membership, net support and the support index (1973–2002, EU8) 51

Figure 2.2: Evolution of (national) means of the index of support for European integration (1973–2002, EU8) 53

Figure 2.3: Illustration of measures of variance and kurtosis (index) 60

Figure 2.4: Evolution of the variances of the index of support for European integration (1973–2002, EU8) 62

Figure 2.5: Evolution of kurtosis of the index of support for European integration (1973–2002, EU8) 65

Figure 2.6: Public support for European integration (1973–2011, EU8 and EU) 77

Figure 3.1: Evolution of indifferent and undecided positions between 1990 and 2002 and the ‘neither-nor’ category between 1990 and 2011 (France, Belgium and United Kingdom) 91

Figure 3.2: Multiple Correspondence Analysis – active modalities and classes constructed 95

Figure 3.3: Diagram of Room Layout (Brussels) 103

Figure 3.4: Example of board with cards for question: ‘Who profits from Europe?’ 105

*Tables*

Table 1.1: Transformations in modes of legitimisation, theoretical models and studies of citizens’ attitudes towards the integration process 19

Table 2.1: Construction of the index of support for European integration 49

Table 2.2: Analysis of means of the index of support for European integration (1973–2002, EU8) 55

Table 2.3: Analysis of the means of the index of support for European integration (1973–2002, EU8) 57

Table 2.4: Analysis of the variances of the index of support for European integration (1973–2002, EU8) 63
Table 2.5: Evolution and analysis of kurtosis for the index of support for European integration (1973–2002, EU8) 66
Table 2.6: Indifferent and undecided attitudes towards European integration by country (1973–2002, EU8) 69
Table 2.7: Indifferent and undecided attitudes towards European integration by country (1991–2002, EU8) 70
Table 2.8: Occupations and indifferent and undecided attitudes (1991–2002, EU8) 70
Table 2.9: Effects of individual-level variables on index of support towards the EU: multinomial logistic regression 74
Table 2.10: Pearson’s correlations between the membership and regret questions 78
Table 3.1: EU member countries consensus-majoritarianism dimension score 90
Table 3.2: Indicator of support for one’s country belonging to the EU (EU-15) in 2006 and 2011 90
Table 3.3: Auto positioning on left–right scale: (respondents to the ad) and selected participants 101
Table 3.4: Vote or hypothetical vote in European Constitutional Treaty referendum and country membership (respondents to ad) and selected participants 101
Table 3.5: Discussion scenario 104
Table 4.1: Coding protocol for the group interviews 114
Table 4.2: Themes mobilised in justifying or rejecting the European integration process, by group (N=917) 116
Table 4.3: Distribution of European themes coded within the collective interviews 119
Table 4.4: Distribution of the occurrences of the words ‘Euro’, ‘Europe’, and ‘European’, per total words spoken 119
Table 4.5 Themes to do with the single market, by country 141
Table 4.6: Themes linked to the view that states have become too small, by country 145
Table 4.7: Themes to do with the eradication of borders, by country 145
Table 4.8: Themes to do with governance and the democratic deficit, by country 147
Table 4.9: Specific themes, by country 147
Table 5.1: Participants evaluating their country’s membership of the EU as ‘neither good nor bad’ (N = 33/133) 153

Table 5.2: Distribution of occurrences of the words ‘Euro-’, ‘Europe’ and ‘European’ plus related codes, as a percentage of total words spoken 155

Table 5.3: Distribution of explicit references to Europe, its policies, history, institutions (N = 133) 155

Table 5.4: Distribution of favourable and unfavourable evaluations in participants’ contributions (N = 133) 157

Table 5.5: Distribution of the occurrences of the argument ‘benefit for future generations’ (N = 133) 161

Table 5.6: Distribution of occurrences of arguments related to distance (N = 133) 165

Table 5.7: Distribution of occurrences of arguments related to British otherness and alienation (N = 133) 167

Table 5.8: Distribution of the occurrences of arguments related to fatalism (N = 133) 169

Table A1.1: Index of support towards European integration (1973–2002, EU8) 189

Table A1.2: Index of support, percentages by year (EU8, 1973–2002) 190

Table A1.3: Values of mean (1973–2002, EU8) 190

Table A1.4: Values of variances (1973–2002, EU8) 191

Table A1.5: Values of kurtosis (1973–2002, EU8) 191
